| <b>Title</b>                                                                                                                                                            | <b>URL</b> | <b>Authors</b>                                                                                                                    | <b>Host item title</b> |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|-----------------------------------------------------------------------------------------------------------------------------------|------------------------|
| Nearshore pelagic influence at the SW margin of the Paratethys Sea—examples from the Miocene of Croatia                                                                 |            | Sremac, Jasenka; Bošnjak, Marija; Velić, Josipa; Malvić, Tomislav; Bakrač, Koraljka                                               |                        |
| Recent advances in geomathematics in Croatia : examples from subsurface geological mapping and biostatistics                                                            |            | Malvić, Tomislav; Bošnjak, Marija; Velić, Josipa; Sremac, Jasenka; Ivšinović, Josip; Dinis, Maria Alzira Pimenta; Barudžija, Uroš |                        |
| Mathematical methods and terminology in geology 2020 : proceedings of reviewed papers / 3rd Croatian scientific congress [on] geomathematics and terminology in geology |            |                                                                                                                                   |                        |
| Modal composition and morphometric characteristics of gravels in exploration field "Abesinija" (Otok Svibovski; SE from Zagreb, Croatia)                                |            | Sremac, Jasenka; Velić, Josipa; Bošnjak, Marija; Velić, Ivo; Malvić, Tomislav; Fotović, Daniel; Drempetić, Renato                 |                        |
| Neogene deposits of the western slopes of the Psunj Mt., Croatia: an overview of historical background and actualisation of geological research                         |            | Vrsaljko, Davor; Bošnjak, Marija; Jarić, Anja; Sremac, Jasenka; Malvić, Tomislav                                                  |                        |
| Paleoekologija i biostratigrafija badenskih (srednjomiocenskih) naslaga Medvednice na temelju mekušaca i pratećih fosilnih organizama                                   |            | Bošnjak, Marija                                                                                                                   |                        |
