| Naslov                                                                                                 | URL | Autori                                                                               | Naslov izvornika |
|--------------------------------------------------------------------------------------------------------|-----|--------------------------------------------------------------------------------------|------------------|
| Utjecaj odabranih dopanada na strukturu i mikrostrukturu cinkovoga i barijevoga aluminata              |     | Vrankić, Martina                                                                     |                  |
| In situ phase analysis of the thermal decomposition products of zirconium salts                        |     | Štefančić, Goran; Gržeta, Biserka; Popović, Stanko; Musić, Svetozar                  |                  |
| Precipitation and Dissolution Phenomena in Al-Zn Alloys                                                |     | Popović, Stanko; Gržeta, Biserka                                                     |                  |
| Temperature dependence of microstructure in Zn-Al alloys                                               |     | Popović, Stanko; Gržeta, Biserka; Hanžek, Branko; Hajster, Snježana                  |                  |
| XRD and Laser Raman Spectroscopy Investigation of the Stability of Low Temperature t-ZrO <sub>2</sub>  |     | Štefanić, Goran; Musić, Svetozar; Gržeta, Biserka; Popović, Stanko; Sekulić, Andreja |                  |
| Lattice constant of Al-rich $\alpha$ -phase in equilibrium with different precipitates in Al-Zn alloys |     | Popović, Stanko; Gržeta, Biserka; Löffler, Hans; Wendrock, Gottfried                 |                  |
